We had a great experience with Netcotech. They were professional, quick and no downtime to our business. Gideon is very knowledgeable and did most of the work remotely so we could come in the next day with our new server up and running! We would highly recommend Netcotech and will be using them for all our future IT needs!

Amanda Christou
Office Manager/Broker
Deluca Insurance Services Ltd.

Right from the start, Netcotech, and Gideon in particular, impressed us with their efficient, professional manner - an approach that not only inspired confidence, but generated the results we were looking for. We needed an effective IT solution and by partnering with Netcotech, we have been able to consistently provide the quick, professional service our customers expect, save money, and improve efficiency.
